

LIST OF PERFORMED PROJECTS

Year	Client	Location of the Projects	Project Details
1994	Mobil Oil Exploration	Kirinskaya West site, North-East Sakhalin Offshore	Piston drop sampling. Geophysical Survey.
1994	Mobil Oil Exploration	Kirinskaya East Site, North-East Sakhalin Offshore	Piston drop sampling. Geophysical Survey.
1994	Exxon Neftegaz Limited	Bautin site, Sakhalin Offshore	Site Survey
1994	Exxon Neftegaz Limited	Losin site, Sakhalin Offshore	High resolution seabed survey
1994	Exxon Neftegaz Limited	Dagi site, Sakhalin	High resolution seabed survey
1995	MorNeftegaz	Sakhalin Offshore	Site Survey
1995	Mobil Oil Exploration	East site, Sakhalin	Site Survey
1995	Mobil Oil Exploration	West site, Sakhalin	Site Survey
1995	Mobil Oil Exploration	Myngin site, Sakhalin	Site Survey
1996	Exxon Neftegaz Limited	Site Survey, Sakhalin Offshore	High resolution seabed survey. Sakhalin-1 Project
1996	Exxon Neftegaz Limited	Site A, Sakhalin Offshore	High resolution seabed survey. Sakhalin-1 Project
1996	Exxon Neftegaz Limited	Site B, Sakhalin Offshore	High resolution seabed survey. Sakhalin-1 Project
1996	Exxon Neftegaz Limited	Site C, Sakhalin Offshore	High resolution seabed survey. Sakhalin-1 Project
1997	Exxon Neftegaz Limited	Arcutun-Dagi-Northern, Sakhalin Offshore	High resolution seabed survey/ Sakhalin-1 Project
1997	Exxon Neftegaz Limited	Arcutun-Dagi-South, Sakhalin Offshore	High resolution seabed survey/ Sakhalin-1 Project
1997	Exxon Neftegaz Limited	Site E, Sakhalin Offshore	High resolution seabed survey/ Sakhalin-1 Project
1997	Exxon Neftegaz Limited	Chayvo Site, Sakhalin Offshore	High resolution seabed survey/ Sakhalin-1 Project
1997	Exxon Neftegaz Limited	Dagi-9, Sakhalin Offshore	High resolution seabed survey. Sakhalin-1 Project
1997	Exxon Neftegaz Limited	Dagi-10, Sakhalin Offshore	High resolution seabed survey. Sakhalin-1 Project
1997	Exxon Neftegaz Limited	Dagi-13, Sakhalin Offshore	High resolution seabed survey. Sakhalin-1 Project
1997	Exxon Neftegaz Limited	Dagi-14, Sakhalin Offshore	High resolution seabed survey. Sakhalin-1 Project
1997	Exxon Neftegaz Limited	Geotechnical investigation Dagi 9, Dagi-10, Dagi-13, Dagi-14, Northern GBS, Southern GBS, pipeline route	Geotechnical rotary boring to depth 100 m with continued sampling and PCPT. Sakhalin-1 Project
1998	Sakhalin Energy Investment Co., LTD	Chayvo Site, Sakhalin Offshore	Pipeline Route Survey. Sakhalin-2 Project
1998	Sakhalin Energy Investment Co., LTD	Sakhalin Energy Investment, Co., LTD	Pipeline Route Survey. Sakhalin-2 Project
1998	Sakhalin Energy Investment Co., LTD	Piltun-Astokhskoye Site – B, Sakhalin Offshore	Pipeline Route Survey. Sakhalin-2 Project
1998	Sakhalin Energy Investment Co., LTD	Lunskoye Site – A, Sakhalin Offshore	Pipeline Route Survey. Sakhalin-2 Project
1998	Sakhalin Energy Investment Co., LTD	Prigorodnoye Site, Sakhalin Offshore	Pipeline Route Survey. Sakhalin-2 Project
1998	Van Oord ACZ, b.v.	Installation of Molikpaq Platform, Sakhalin Offshore	Soil sampling & Laboratory testing on Volvox Delta. Sakhalin-2 Project
1999	Exxon Neftegaz Limited	Geotechnical investigation GBS sites, Chayvo area, Sakhalin Offshore	Rotary drilling with continued sampling and PCPT. Sakhalin-1 Project
2000	Sakhalin Energy Investment Co., LTD	Sakhalin-2 Project Piltun-Astokhskoye and	Site Survey, High resolution Seismic survey, Pipeline Route Survey, Shore

Year	Client	Location of the Projects	Project Details
		Lunskoye Site, Sakhalin, Offshore. Prigorodnoye Site, Aniva Bay, Sakhalin Offshore	crossing. Pipeline Route Survey, Shore crossing. Geotechnical rotary boring to depth 40 m with continued sampling. Rock coring.
2001	Exxon Neftegaz Limited	Tatar Strait, Shelf of North-East Sakhalin	Oil pipeline route survey including tidal zones and shore approaches. Site survey. Geotechnical rotary boring to depth of 85m with sampling and CPT. Sakhalin-1 Project.
2001	TRANSMOST	Tatar Strait	Geotechnical survey for Bridge Construction between Main land and Sakhalin Island
2002	Exxon Neftegaz Limited	Chayvo Jetty, Chayvo Bay Bridge and Chayvo Road sites, Sakhalin	Winter Geotechnical and Geophysical survey from ice for Jetty and Bridge Construction. Geotechnical survey for Road Construction. Sakhalin-1 Project
2002	Exxon Neftegaz Limited	Onshore engineering Survey pipeline Center Line	Geotechnical survey program to define the center line of the onshore export pipeline between Odoptu OPF to Chayvo OPF –mys Uangi –mys Kamenny – DeKastri. Sakhalin-1 Project
2002	Exxon Neftegaz Limited	Chayvo Well Pad Near shore of Sakhalin Island	Hydrographic and topographical survey for landing barge for Sakhalin-1 Project
2002	Schlumberger	Anadyr Bay, Chukotka	Offshore site survey including high resolution seismic (HRS)
2003	Exxon Neftegaz Limited	Chayvo and Uangi Shore Approaches of Sakhalin Island.	Winter bathymetry survey for Sakhalin-1 Project
2003	Exxon Neftegaz Limited	Sakhalin-1 Project Chayvo Well Pad,	Topography Survey at Chayvo Bay Coast
2003	Sakhalin Energy Investment Company (SEIC)	Sakhalin-2 Project Piltun-Astokhsкая and Lunskoye field	Ice Scour Survey Campaign
2003	SEIC Subcontract with Fugro Survey Pte Ltd	Sakhalin-2 Project Piltun-Astokhsкая, Lunskoye field, Prigorodnoye	Provision of Survey Services for pre – construction/UXO Survey.
2003	Nippon Steel Corporation	Sakhalin-1 Project Sakhalin Export Terminal, DeKastri	Offshore and onshore Topographical, Bathymetric & Geotechnical Surveys
2003	URS Australia PTY Ltd	Sakhalin-2 Project Prigorodnoye.	Geotechnical Survey for LNG-Tanks in Prigorodnoye
2003	TOA Corporation Sakhalin Branch Office	Sakhalin-2 Project Prigorodnoye.	Geophysical and Geotechnical Survey for LNG Loading Jetty
2003	Exxon Neftegaz Limited	Chayvo Wellsite	Geotechnical investigation of the Chayvo Wellsite
2004	Nippon Steel Corporation	Sakhalin-1 Project Chayvo bay and Val River	On Ice Geotechnical Survey Chayvo & Val River for HDD Crossing
2004	Dalmorneftegeophysika	Marginal area (Sea of Okhotsk, transition zone)	Provision of seismic surveys 3 D on license area of “Petrosakh” Ltd. by seismic signal source
2004	Van Oord ACZ.	Sakhalin-1 Project Tatar Strait and Sea of Okhotsk.	Geophysical and Geotechnical Survey. UXO survey.
2004	Fugro Survey Pte Ltd	Sakhalin-2 Project Sea of Okhotsk	Geophysical Survey. Offshore pipeline.
2004	URS Corporation (Japan)	Sakhalin-2 Project Prigorodnoye, Sakhalin	Geotechnical surveys on the LNG area for Tank-3 designing

Year	Client	Location of the Projects	Project Details
2004	McDermott Inc and Armor Group.	Sakhalin-1 Project DeKastri	Geophysical Survey, UXO Survey.
2004	Poong Lim Industrial Co.	Sakhalin-1 Project DeKastri export Terminal	Geotechnical Survey.
2004	Fluor Intercontinental Inc.	Sakhalin-1 Project Chayvo site	Geotechnical Investigations for Reconstruction of motor road from OPF to Chayvo shore crossing. (Platform "Yastreb")
2004	TOA Corporation Sakhalin Branch Office	Sakhalin-2 Project Prigorodnoye, Aniva bay	Level investigations and bathymetric surveys in Aniva bay
2004	PS HC Neftegazstroi (Japan-Russia)	Sakhalin-1 Project Tatar strait	Near shore bathymetric and geophysical survey, diving sea bed investigation
2005	Gydrotryboprovod OJSC	VCTO project (East Siberia – Pacific Ocean pipe line). Perevoznaya bay, Primorski krai	Geotechnical survey, 50 boreholes drilling
2005	Svarog LLC	Baltic sea	Geophysical survey on the pipe line rout Russia – Germany
2005	Svarog LLC	Black sea	Geophysical survey on the pipe line rout Dzhugba – Lazarevskoye – Sochi
2005	NIPI Inzhgeo Ltd.	VCTO project (East Siberia – Pacific Ocean pipe line). Perevoznaya bay, Primorski krai	Offshore drilling operations from the survey vessel "Diabaz"
2005	Electrosakhmontazh LLC (Starstroi)	Sakhalin-2 Project Central pipe line rout	Drilling of technical boreholes and vertical ground electrodes installation along the pipe line rout
2005	Vostokgeologiya OJSC	Kirovsky graben, Sakhalin Region	Region seismic survey CDP on 2D technology
2005	Sakhalingrazhdanproect Institute OJSC	Kunashir island, Kurils	Offshore and onshore geotechnical, engineering – geophysical survey for motorway engineering and coast protection
2005	Kostromaneftegaz OJSC	Holmsk district, Sakhalin	Exploratory seismic operations 2D, nonexplosive source
2005	Sakhalin Projects Ltd.	Sakhalin-3 Project Veninsky license block, sea of Okhotsk	Offshore geotechnical survey, high resolution seismic
2005	FSUE SakhNIRO	Izmenchivoye lake, Sakhalin Region	Determination of seismic sources elastic waves impact on marine life
2005	Exxon Neftegaz Limited.	Sakhalin-1 Project DeKastri export Terminal	Geotechnical Survey from Ice near shore Chihacheva Bay.
2005	Fluor Intercontinental Inc.	Sakhalin-1 Project	Crushed Stone Laboratory Tests.
2005	Exxon Neftegaz Limited. Subcontract with Nippon Steel Corporation	Sakhalin-1 Project Phase I. Development Project	Performance of Plate load Tests on Ice in Tatar Strait
2005	Nippon Steel Corporation	Sakhalin-1 Project Phase I. Development Project	Geotechnical survey for telecoms tower for Uangi and Kamenny Sites
2005	CTSD Japan	Sakhalin-2 Project Prigorodnoye, Aniva bay	Bathymetric survey in soil fault point
2005	Fluor Intercontinental Inc.	Road OPF Chayvo-drilling site	Geotechnical survey along the way of heavy cargo transportation
2002-2005	Exxon Neftegaz Limited	Sakhalin-1 Project	Three years services agreement on objects and site survey by Project Sakhalin 1

Year	Client	Location of the Projects	Project Details
2005-2006	Petrosakh Ltd.	Sakhalin-6 Project Territorial field	Seismic survey execution on 3D technology (site three-dimensional survey).
2006	Kholmskneftegaz OJSC	Holmsk district, Sakhalin	Exploratory seismic survey 2D, nonexplosive source
2006	Kamchatneftegaz (Rosneft / Korean national oil company KNOOC)	Western Kamchatka shelf	Offshore geotechnical survey, high resolution seismic
2006	Venineft (Rosneft / Chinese national oil company SINOPEC)	Sakhalin-3 Project, Veninsky license block	Offshore geotechnical survey, high resolution seismic
2006	Elvary Neftegaz Ltd. (Rosneft / BP)	Sakhalin-5 Project Kaigano-Vasukansky block	Offshore geotechnical survey including deep geotechnical drilling (to the depth of 150 m), static penetration test, high-precision geophysical borehole survey
2006-2010	Sakhalin Energy Investment Company (SEIC)	Sakhalin-2 Project	Five years services agreement on objects and site survey (Geomatics) by Project Sakhalin 2
2006-2010	Exxon Neftegaz Limited	Sakhalin-1 Project	Five years services agreement on objects and site survey by Project Sakhalin 1
2007	Exxon Neftegaz Limited	Sakhalin-1 Project Odoptu north controlled directional drilling site	Geotechnical survey on OPF site for controlled directional drilling
2007	Tomgazneft OJSC	Krasnogorskaya area, Lamanonsky subsoil plot, Tomari district	Execution of exploratory seismic survey by seismic reflection method CDP on 2D technology
2007	Electrosakhmontazh LLC (prime contract of Starstroj LLC)	Sakhalin-2 Project Central pipe line rout	Drilling of technical boreholes and vertical ground electrodes installation along the pipe line rout
2007	Starstroj LLC	Sakhalin-2 Project ПК 41-42 on the pipeline rout	Drilling of 125 boreholes with the depth of 2,5 m for block valve station fence
2007	Kamchatneftegaz LLC Rosneft / KNOOC (South Korea)	West-Kamchatsky license block, West -Sykhanovskaya and North-Krutogorovskaya areas, sea of Okhotsk	Offshore geotechnical surveys, high resolution seismic
2007	Sakhalin Energy Investment Co., LTD (Geomatics)	Sakhalin-2 Project	Topographic and geotechnical surveys near Holmsk for dumping ground construction
2007	«Elvary Neftegaz» Ltd. (Rosneft/ BP)	Sakhalin-5 Project	Program of laboratory testing
2007	Venineft LLC Rosneft / SINOPEC (China)	Sakhalin-3 Project East coast of Krilion peninsula, Aniva bay. Morzh gulf	Offshore geotechnical surveys with the purpose to prepare the area for temporary refuge of jack-up drilling rig.
2007	Exxon Neftegaz Limited	Sakhalin-1 Project Pipeline rout Odoptu-Chayvo	Topographic and geotechnical surveys
2007	Exxon Neftegaz Limited	Sakhalin-1 Project The first stage of quarrying of the Odoptu field, Okha district (Piltunsky cable)	Geotechnical surveys on South platform for drilling site installation
2007	Sakhalin Energy Investment Company Ltd., (GEOMATIKA)	Sakhalin-2 Project	Topographic and geotechnical surveys near Korsakov, Porechye village for dumping ground construction, topographic and positional works on Molikpaq platforms, PA-A, PA-B, LUN-A, LNG/OET.
2007	Production-commercial company "YUKO" LLC	Kitovy bay, Iturup island of the Sakhalin Region	Offshore geotechnical surveys by the project "Reconstruction of Kurilsky marine terminal in Kitovy bay, Iturup island of the Sakhalin Region"

Year	Client	Location of the Projects	Project Details
2007-2008	Exxon Neftegaz Limited	Sakhalin-1 Project Arkhutun-Dagi field, Sakhalin	Offshore geotechnical surveys on Arkhutun-Dagi field for GBS platform and pipeline rout, Sakhalin
2008	Sakhalin Energy Investment Co., LTD (Geomatics)	Sakhalin-2 Project pipeline rout	Investigations for geo-hazard identification
2008	Tomgazneft OJSC	South-Daginskaya area, Sakhalin	Performing the exploratory seismic surveys on 3D technology
2008	Venineft LLC	Sakhalin-3 Project Veninsky license block, North-Veninskaya area, sea of Okhotsk	Calculation of immersion depth of jack-up drilling rig «Transocean Nordic» support pillar
2008	Exxon Neftegaz Limited	Sakhalin-1 Project The first stage of quarrying of the Odoptu field Okha and Nogliki district (Piltunsky cable)	Geotechnical surveys on the area, from the north drilling site for Odoptu to Chayvo OPF
2008	Exxon Neftegaz Limited	Sakhalin-1 Project Chayvo field	Development and preparation of bathymetric chart of Chayvo field
2008	Scientific production association «Mostovik» LLC	Bosfor strait Eastern, Primorski krai	Offshore geotechnical surveys for bridge crossing construction between Vladivostok and Ruskiy island.
2008	Starstroj LLC	Sakhalin-2 Project Onshore pipelines, Stream 1C	Drilling of 1062 boreholes for retroreflective warning signs foundation along the pipeline rout
2008	Geotransengineering LLC	Sakhalin Region Okha and Nogliki districts	Primary acquisition for designing and construction of the object «main gas pipeline «Sakhalin-Khabarovsk-Vladivostok»
2008	PiterGaz LLC	Nevelski strait (between Lazarev cape on the continent and Lakh cape on the Sakhalin island)	Offshore geotechnical and geophysical surveys for designing main gas pipeline «Sakhalin-Khabarovsk-Vladivostok»
2008	FSUE Verhnevolzhskoye aerogeodezicheskoye predpriyatiye	Okha and Nogliki districts of the Sakhalin Region (mys Chayvo - mys Uangi)	Design and exploration works for designing main gas pipeline «Sakhalin-Khabarovsk-Vladivostok»
2008	Venineft LLC	Sakhalin-3 Project Veninsky license block South-Veninskaya and North-Veninskaya-2 sites	Offshore geotechnical surveys, high resolution seismic for placing floating drilling rig
2008	Gasflot LLC	Sea of Okhotsk shelf, Kirinskoye oil field	Offshore engineering surveys for jack-up drilling rigs, MFDR installation on drilling locations of two boreholes
2008	Exxon Neftegaz Limited	Sakhalin-1 Project The first stage of quarrying of Odoptu field	Geotechnical surveys on South drilling site
2008	Sakhalin Energy Investment Company	Sakhalin-2 Project Stage 2 Prigorodnoye, LNG site, Sakhalin	Onshore geotechnical survey for Tank 3
2009	Exxon Neftegaz Limited	Sakhalin-1 Project Chayvo bay	Topographic and bathymetric survey within Chayvo near shore zone along the AD pipeline route
2009	Exxon Neftegaz Limited	North-East shelf of Sakhalin. Arkutun-Dagi oil and gas field	Preparation of Technical Report: Engineering Geological surveys for AD offshore pipeline in accordance with Russian standards
2009	Arctic marine geotechnical expeditions OJSC	Yuzhno-Sakhalinsk	Soil laboratory testing in accordance with ASTM-D1140 requirements
2009	Sakhalin Energy Investment Co., LTD, (Geomatics)	Sakhalin-2 Project North-east of Sakhalin, Noglikiy region, Boatasyn settlement	Full complex of engineering-geological works (topographic survey, geotechnical, geological investigation, seismic and environmental studies) on

Year	Client	Location of the Projects	Project Details
			Boatasyn GTT Site and 20 inches gas pipeline between KP25-26 for the development of project working documentation
2009	Sigma Neftegaz Service LLC	Yuzhno-Sakhalinsk	Consultation services at the provision of seismic exploration works by 2D technology on Polyarninskaya site
2009	Venineft LLC	Sakhalin-3 Project Veninsky license block North-East shelf of Sakhalin	Offshore geotechnical, geophysical survey and acquired data processing for JDR positioning on North-Veninskaya-2 site as well as high resolution seismic
2009	Scientific-research institute of natural gases and gas technologies-Gazprom VNIIGAZ LLC	North-East shelf of sea of Okhotsk, Kirinskoye gas field.	Preparation of the reports on Engineering surveys on the Kirinskoye gas field
2009	Venineft LLC	Aquatic area of Korsakov port, Lososei Bay	Additional sea bed survey by side scan sonar with the purpose of detection and mapping the hazardous objects for JDR positioning on a temporary station
2009	Transneftegazproekt LLC, Fluor Daniel Eurasia Ink.	Sakhalin-1 Project North of Sakhalin, Project of onshore pipelines and facilities of Arkutun-Dagi field	Engineering survey for the construction of water injection flowline 20" crossing Chayvo Bay by horizontal directional drilling method, additional engineering survey along the linear part of flowline
2009	Sakhalin Energy Investment Co., LTD, (Geomatics)	Sakhalin-2 Project North-east offshore of Sakhalin Piltun-Astokhskaya, Lunskoye field	Annual Offshore Monitoring Surveys of PA-B, Molikpaq, LUN-A fixed platforms and TLU
2009	Sakhalin Energy Investment Co., LTD, (Geomatics)	Sakhalin-2 Project Sakhalin region, Lugovoye settlement – Dalnee settlement	Engineering-geological survey for the access road between Lugovoye settlement and GTT in Dalnee settlement
2009	Pitergas LLC	Nevelsky strait, between Uangy cape (Sakhalin) and Kamenniy cape (Khabarovsk)	Geotechnical survey (boreholes drilling, geophysical works, CPT) for the construction of new main gas pipeline route «Sakhalin-Khabarovsk-Vladivostok» along the line of crossing through Nevelsky strait
2009	Tomgazneft LLC	Nogliki district, Sakhalin region	Interpretation of 3D seismic survey data South-Daginsky site
2009	SEIC (Geomatics)	Sakhalin-2 Project Sakhalin region	Topographic survey on the sites of different SEIC facilities
2009	Arctic marine geotechnical expeditions OJSC	Yuzhno-Sakhalinsk	Soil laboratory testing in accordance with ASTM requirements
2009	Modern construction technologies LLC	Aquatic area of Nevelsk port, Sakhalin region, Nevelsky district	Provision of offshore engineering-geological survey on the object "Reconstruction of the federal property objects of fishery complex in Nevelsk sea port"
2010	DNIIMF OJSC	Prigorodnoye settlement, Aniva bay	Provision of offshore engineering-geological survey on the object "Reconstruction of the jetties No.3 and 4 of Prigorodnoye sea port"
2010	VNIPIgazdobyicha OJSC	Kirinskoye field, shelf of the Okhotsk sea	Acquisition, analysis and compilation of fond, archive materials of engineering survey of past years. Development of engineering-geological report of main designing solution stage on the object "Kirinskoye gas condensate field construction"

Year	Client	Location of the Projects	Project Details
2010	VNIPIgazdobyicha OJSC	Kirinskoye gas condensate field, shelf of the Okhotsk sea	Acquisition of primary data for the provision of design and exploration works on the objects of Kirinskoye gas condensate field construction
2010	Gazflot LLC	Kirinskoye field, shelf of the Okhotsk sea	Engineering-geological survey with the purpose of MFDR positioning on the drilling location. Including HRS. Calculation of anchor holding power.
2010	VNIPIgazdobyicha OJSC	Kirinskoye gas condensate field, shelf of the Okhotsk sea	Complex (engineering-geological and engineering-hydrometeorological) survey for the designing of onshore production facility
2010	Ingeocom LLC	Gas pipeline OPF Kirinskoye gas condensate field – Sakhalin GKS	Laboratory investigations of soil and water
2010	Sakhalin Energy Investment Co., LTD	Sakhalin-2 Project Sakhalin region	Monitoring of hazardous geological processes along the pipeline route
2010	PiterGaz LLC	Kirinskoye Gas Condensate Field, shelf of the Okhotsk sea	Offshore complex engineering geological survey for underwater production facility design
2011	Sakhalin Energy Investment Company Ltd. (Geomatics)	Sakhalin-2 Project Sakhalin Region	Engineering-geological survey and land survey at the sites of different facilities of SEIC
2011	ZhelTransProject LLC	Korsakov Port, Sakhalin Region	Offshore engineering-geological survey (drilling of 3 boreholes to the depth of 20 m) for modernization of Jetty №1 in the southern part of Korsakov Port
2011	ZhelTransProject LLC	Korsakov Port, Sakhalin Region	Extra offshore engineering-geological survey in Korsakov Port (drilling of 4 CPT boreholes) for modernization of Jetty №1 in the southern part of Korsakov Port
2011	NIPi InzhGeo Ltd.	Offshore terminal in De-Kastri in Chikhachyova Bay, Khabarovsk Region	Offshore engineering-ecological and hydro meteorological surveys, engineering-geological report based on archive data of “Oil products pipeline Komsomolsk Oil Refinery – De-Kastri Port»
2011	Fluor Daniel Eurasia Inc.	Eastern coast of Piltun Bay, shelf of the Sea of Okhotsk	Geodetic and hydrographic survey of the onshore and offshore sections of the 16-inch pipeline, Odoptu FSP project. Odoptu First Stage Production Facility.
2011	Geoinzhservis LLC.	Lunsky Bay, north-eastern part of Sakhalin Shelf in the Sea of Okhotsk	SPT survey of temporary cofferdam construction site for «Development of Kirinsky gas-condensate field»
2011	Gazflot LLC.	West-Kamchatka License Block, shelf of the Sea of Okhotsk	Integrated offshore engineering survey at two sites for positioning of MFDR at the prospect drilling locations at West-Kamchatka License site
2011	Venineft LLC.	Sakhalin-3 Project Veni License Block, north-eastern shelf of the Sea of Okhotsk	Integrated offshore engineering survey and data processing for positioning of MFDR at the prospect drilling location at «North-Veni-1» site.
2011	Gazprom Geologorazvedka LLC	North-eastern shelf of the Sea of Okhotsk, Kirinsky field	Integrated offshore engineering survey for positioning of MFDR and drilling vessel at the drilling locations of two wildcats at South-Kirinsky-3 and South-Kirinsky-4 sites.

Year	Client	Location of the Projects	Project Details
2011	VNIPIgazdobycha JSC	Gas processing facility site, Kirinsky gas-condensate field	Extra engineering-geological survey at the gas processing facility site (drilling of 3 boreholes) for design of the onshore production facility as a part of the investment project «Development of Kirinsky gas-condensate field».
2011-2012	Exxon Neftegaz Limited	Sakhalin-1 Project Chayvo field	Preparation of the technical report. Results of engineering-geodetic and engineering-geological surveys. «Development of Chayvo field. Orlan offshore platform. Drilling operations».
2012	Managing Company «Sakhalin Coal Terminal» LLC.	Southern part of Tatar Strait, Izylmetieva Bay, Sakhalin Island	Offshore and onshore engineering-geological and geophysical surveys for «Offshore carbon terminal at Izylmetieva Bay»
2012	«NK Rosneft» OJSC «Omskneftekhimprojekt» OJSC	Primorski Krai, basin of Vrangler Bay and Nakhodka Bay (industrial site of Eastern oil and gas company)	Engineering survey for construction of the offshore terminal, dissipating outlet of discharge liquid and water inlet of sea water for purposes of the oil and gas complex
2012	PrimorProjektByuro LLC.	Sakhalin Region, Kholmsk, territory of the northern harbor of the sea port	Engineering-geological survey for modernization of the sea port (construction of the protective quay pier)
2012	Venineft LLC.	Sakhalin-3 Project Lososey bay in the water area of Aniva Bay	Offshore survey (bathymetric and sonar surveys) at the site of SEFDR standing
2012	«NPO Mostovik» LLC.	Yuzhno-Sakhalinsk	Preparation of the report of engineering-geological conditions of Nevelski Strait in the area of bridge crossing to Sakhalin Island based on archival materials.
2012	Gazprom Geologorazvedka LLC.	Sakhalin-3 Project Kirinskaya structure in north-eastern shelf of Sakhalin Island	Complex offshore engineering-geological survey for positioning of MFDR and drilling vessel at South-Kirinskaya 5 and 6 sites.
2012	Gazprom Geologorazvedka LLC.	Sakhalin-3 Project Kirinskaya structure in north-eastern shelf of Sakhalin Island	Offshore engineering-ecological survey for positioning of MFDS and survey vessel at sites # 3, 4, 5 and 6 of South-Kirinsky field
2012	Gazprom Geologorazvedka LLC	Sakhalin-3 Project West-Kamtchatka license block in the shelf of the Sea of Okhotsk	Offshore engineering-ecological survey for positioning of MFDS and survey vessel at Pervoocheryodnaya site
2012	Gazprom Geologorazvedka LLC	Sakhalin-3 Project Aiyashskiy license block in the shelf of the Sea of Okhotsk	Offshore engineering-ecological survey for positioning of MFDS and survey vessel at Aiyashskaya site for construction of a wildcat
2012	Gazprom Geologorazvedka LLC	Sakhalin-3 Project Aiyashskiy license block in the shelf of the Sea of Okhotsk	Offshore engineering-ecological survey for positioning of MFDS and survey vessel at Aiyashskaya site for construction of a wildcat
2012	«Marine construction and technologies» LLC	Primorski Krai. Basin of Uliss Bay	Engineering-geological survey for construction of a home station in Uliss Bay
2012	Sakhalin Energy Investment Company Ltd.	Sakhalin-2 Project Route of oil- and gas pipeline OPF Chayvo – LNG Prigorodnoye, territory of LNG plant, Prigorodnoye settlement, Sakhalin Region	Drilling operations and monitor wells servicing

Year	Client	Location of the Projects	Project Details
2012	Exxon Neftegas Limited	Sakhalin-1 Project Coastal strip and a channel of the mouth of Piltun Bay to crossing with ENL pipeline	Onshore engineering-geological survey at the sites of Odoptu field
2012-2013	Exxon Neftegas Limited	Sakhalin-1 Project Northern Well Site Odoptu.	Engineering-geological and geophysical (well logging) surveys for modernization of Well Site Odoptu (Station of gas compression and injection)
2012-2013	Exxon Neftegas Limited	Sakhalin-1 Project Northern (NWS) and Southern (SWS) Well Sites Odoptu.	Engineering-geological survey at the Northern and Southern Well Sites Odoptu
2012-2013	«Marine construction and technologies» LLC.	Primorski Krai. Construction of jetty in Uliss Bay	Engineering-geological surveys for construction of marine hydraulic engineering structures within the water area of Uliss Bay
2013	Gazprom Geologorazvedka LLC.	Sakhalin-3 Project North-East of Sakhalin Island (the Sea of Okhotsk).	Offshore engineering survey for positioning of MFDR and SEFDR for construction of prospect evaluation wells 1 and 2 within East-Odoptu license area
2013	Morstroytekhologiiya LLC	Primorski Krai, Shkotovsky Region, Sukhodol Bay, Azarieva Cape and Telyakovskogo Cape	Offshore engineering survey for “Construction of a new specialized port on the Far Eastern coast of the Russian Federation
2013	Promservice LLC	Sakhalin region. Gas pipeline near Kholmsk motorway	Engineering-geological surveys for the projected pipeline from the block valve station of the transit gas pipeline to the production building of DSDP
2013	Morstroytekhologiiya LLC	Primorski Krai, Shkotovsky Region, Sukhodol Bay, Azarieva Cape and Telyakovskogo Cape	Offshore engineering survey for construction of a Offshore coal overloading complex
2013	Sakhalinstroykomplekt LLC	Laboratory testing	Soils electric resistivity testing
2013	Gazprom Geologorazvedka LLC	Sakhalin-3 Project North-East of Sakhalin Island. Kirinsky license site	Offshore engineering and engineering-ecological surveys for positioning of MFDR and drilling rig for construction of exploratory wells No.6 and 7 within South-Kirinskoye field
2013	Mezhregiontrubvodstroy OJSC	Subsea template and surface facilities of Kirinsky gas condensate field (the Sea of Okhotsk)	High resolution seismic survey at the additional site within the water area of Kirinsky gas condensate field for identification of shallow gas lenses
2013	Mezhregiontrubvodstroy OJSC	Offshore export terminal and loading terminal of LNG Plant (Amur Bay, Lomonosova Cape)	Engineering surveys for “Construction of LNG Plant near Vladivostok” in the water area of Amur Bay
2013	Exxon Neftegas Limited	Sakhalin-3 Project The projected jetty and berthing in Piltun Bay of Okha Region.	Engineering survey “CPT testing from the ice in Piltun Bay”.
2013	Exxon Neftegas Limited	Sakhalin-3 Project The projected jetty in Piltun Bay	Hydro meteorological and bathymetric surveys in Piltun Bay.
2013	Exxon Neftegas Limited	Sakhalin-3 Project Odoptu North Well Site (NWS) and South Well Site (SWS).	Engineering survey near Odoptu NWS and SWS, road and pipeline route between NWS and SWS, shore approach in Piltun Bay

Year	Client	Location of the Projects	Project Details
2013-2014	Exxon Neftegas Limited	Sakhalin-3 Project Odoptu North Well Site (NWS) and South Well Site (SWS).	Engineering survey for construction of a shore approach in Piltun Bay
Within a year	Sakhalin Energy Investment Company Ltd	Sakhalin-2 Project Constructions and facilities, pipelines, offshore platforms operating by Sakhalin Energy Investment Company Ltd.	Provision of land and engineering-geological surveys in Sakhalin Island and offshore platforms PA-A, PA-B, LUN-A and Loading Unit (Geomatics)
2014	“MAGE” OJSC	“LNG Plant near Vladivostok” within the water area of Perevoznaya Bay	Engineering-geological surveys for construction of facilities of the LNG offshore export and loading terminal
2014	“MAGE” OJSC	Sakhakin-3 Project South-Kirinsky license block. Area of the shore approach of the offshore pipeline landfall	Complex engineering surveys for development of the Project “Development of South-Kirinskoye gas condensate field”
2014	Gazprom Geologorazvedka LLC	Sakhakin-3 Project South-Kirinsky license block. Site for positioning of MFDR and drilling vessel.	Offshore engineering and engineering-ecological surveys for «Construction of prospect well №9 in South-Kirinskoye field within the water area of the Sea of Okhotsk using MFDR».
2014	“MAGE” OJSC	Sakhakin-3 Project Complex of offshore primary facilities for development of South-Kirinskoye gas condensate field.	Offshore engineering surveys for development of the project “Development of South-Kirinskoye gas condensate field» (onshore and offshore pipeline routes).
2014	Gazprom Geologorazvedka LLC	Sakhakin-3 Project South-Kirinsky license block. Site for positioning of MFDR and drilling vessel.	Offshore engineering surveys for “Construction of prospect wells #7 and #8 of South-Kirinskoye field within the water area of the Sea of Okhotsk using MFDR «Severnoye Siyanie»
2014	Geoinzhservice LLC	Sakhalin Region, Ilinskoye settlement.	“Onshore engineering works for construction of LNG plant at Ilinskoye settlement”
2014	“MAGE” OJSC	Sakhakin-3 Project South-Kirinsky license area, facilities of the subsea templates, area of the projected gas line from the manifold to the landfall	Complex engineering surveys for development of the project “Development of Kirinskoye gas condensate field» (drilling of boreholes, bottom sampling and CPT of bottom soils) along the routes of transit and infield pipelines)
2014	Exxon Neftegas Limited	Sakhalin-1 Project Odoptu and Chayvo well sites, area of Piltun Bay and Chayvo Bay.	Assessment of pipelines routes based on the analysis of the available data of previous surveys, experience of pipeline construction in this area during laying of the pipe of the first production stage at Odoptu field
2014	Exxon Neftegas Limited	Sakhalin-1 Project Odoptu and Chayvo well sites, area of Piltun Bay and Chayvo Bay.	Comparative analysis of environmental impact of the pipeline routes within the frames of the proposed production and transportation under Sakhalin-1 Project.
2014	Exxon Neftegas Limited	Sakhalin-1 Project Site at Odoptu field	Engineering-geological surveys at the site of temporary offloading facilities (TOF) at Odoptu
2014-2015	Exxon Neftegas Limited	Sakhalin-1 Project Piltun Bay	Hydro meteorological surveys and bathymetric survey in Piltun Bay
2014-2015	Exxon Neftegas Limited	Sakhalin-1 Project De-Kastri	Analysis of engineering-geological conditions within the area adjacent to De-Kastri Terminal for assessment of possible deployment of the facilities under Sakhalin-1 Project.

Year	Client	Location of the Projects	Project Details
2015	RN-SakhalinNIPImorneft LLC	Khabarovsk region Ulch District, De-Kastri	Design and survey works for the facility "Elimination of the Sakhalin offshore oil loading"
2015	Gazprom Geologorazvedka LLC	Sakhakin-3 Project Kirinsky license block, North-East of Sakhalin Island (the Sea of Okhotsk).	Offshore engineering survey for «Construction of prospect well #1 of the Eastern field
2015	Gazprom Geologorazvedka LLC	Sakhakin-3 Project Kirinsky license block, North-East of Sakhalin Island (the Sea of Okhotsk).	Offshore engineering survey for “The prospect well #1 East-Kirinskaya”
2015	“MAGE” OJSC	Sakhakin-3 Project Kirinsky license block, North-East of Sakhalin Island (the Sea of Okhotsk).	Offshore engineering surveys for the development of the project "Development of Kirinskoye gas condensate field " along the pipeline route for the detailed review of the materials obtained in 2014
2015	“MAGE” OJSC	Sakhalin-3 Project South-Lunsky structure in north-eastern shelf of Sakhalin Island, Kirinsky license block	Offshore engineering-geological works (sampling) of the project “Prospect evaluation well №1 in South-Lunskiy field”.
2015	“MAGE” OJSC	Magadan region, the north-west continental shelf of the Sea of Okhotsk. "Magadan-1" license area and "Lisyansky" license area	Offshore engineering geological survey for the prospect evaluation wells construction to search and evaluate hydrocarbon fields on the continental shelf of the Sea of Okhotsk.
2015	“MAGE” OJSC	Sakhakin-3 Project Kirinsky license block. North-East of Sakhalin Island (the Sea of Okhotsk).	Complex clarifying engineering surveys (drilling of boreholes and CPT) for the project “Development of Kirinskoye gas condensate field»
2015	Exxon Neftegas Limited	Sakhalin-1 Project Piltun bay	The report preparation: “On Hydrographic works for development and endorsement of navigation safety Plan during operations ti ensure delivery of large modules to the Piltun bay in 2016-2017”
2015-2016	Exxon Neftegas Limited	Sakhalin-1 Project Odoptu site, Piltun bay	Magnetometer and bathymetric survey in Piltun bay
2015-2016	Exxon Neftegas Limited	Sakhalin-1 Project Northern and Southern Well Sites of Odoptu field	Geotechnical work on Odoptu site
2015	Sakhalin Energy Investment Company Ltd	Sakhalin-2 Project Sakhalin Energy OPF Compression construction site	Comprehensive geotechnical surveys on OPF Compression construction site
2014	Sakhalin Energy Investment Company Ltd	Sakhalin-2 Project Yuzhno-Sakhalinsk	Preparation of a package of documents to be presented to “Glavgosexpertiza Russia” (GGE) with respect to obtaining of approval of certain LUN-A and PA-B well designs
2016	FESCO Integrated transport LLC.	Sakhalin Island, Piltun Bay	Bathymetric surveys at the sand bar of Piltun Bay
2016	Gazprom Geologorazvedka LLC.	Yuzhno-Sakhalinsk	Complex analysis of the materials of the areal engineering-geological surveys within Ayashskiy and East-Odoptu license areas
2016	Gazprom Geologorazvedka LLC.	Nabil structure on the north-east shelf of Sakhalin Island in the Sea of Okhotsk, Kirinskiy prospect area	Complex engineering surveys for the facility: “Prospect-evaluation well №1 Nabilskaya-sea”

Year	Client	Location of the Projects	Project Details
2016	“MAGE” OJSC	Ayashskaya structure on the north-east shelf of Sakhalin Island in the Sea of Okhotsk within Ayashskiy subsoil plot	Areal engineering-geological surveys for the facility: “Prospect-evaluation well №1 within Ayashskaya area”
2016	Sakhalin Neftegas Technologies LLC.	Sakhalin-1 Project De-Kastri, Khabarovsk Territory	Onshore geotechnical surveys within the territory of LNG Plant construction in the Far East of Russia
2016	Sakhalin Neftegas Technologies LLC.	Sakhalin-1 Project De-Kastri, Khabarovsk Territory	Offshore geotechnical surveys within the territory of LNG Plant construction in the Far East of Russia
2016	Sakhalin Energy Investment Company Ltd	Sakhalin-2 Project Nogliki District, OPF	Geotechnical surveys under project “Construction of the booster compression station at OPF”
2016	Sakhalin Energy Investment Company Ltd	Sakhalin-2 Project Shallow water area in the aquatorium of Prigorodnoye Port	Offshore engineering-geological surveys within the area of construction of the proposed second LNG loading jetty (LNG Plant in Progorodnoye)
2016	Sakhalin Energy Investment Company Ltd	Sakhalin-2 Project Nearshore zone near Palevo settlement, Tymovskiy District	Onshore engineering-geological surveys for construction of the compressor station at the route of the surface pipeline.
2014-2016	Sakhalin Energy Investment Company Ltd	Sakhalin-2 Project Yuzhno-Sakhalinsk	Preparation of the reports for submission to “Glavgosexpertiza of the Russian Federation” as part of project documentation for construction of the boreholes from platforms LUN-A, PA-B and follow-up of the developed documentation at the stage of its approval in Glavgosexpertiza of Russia.
2016	Exxon Neftegas Limited	Sakhalin-1 Project Yuzhno-Sakhalinsk	Development of the Program of complex offshore engineering surveys and assessment of the environmental impact evaluation of the proposed works for the facility: Sakhalin-1 Project. Offshore facilities in Chikhachyov Bay.
2016	Exxon Neftegas Limited	Sakhalin-1 Project Yuzhno-Sakhalinsk	Development of the Program of complex offshore engineering surveys and assessment of the environmental impact evaluation of the proposed works for the facility: Sakhalin-1 Project. Far Eastern liquefied natural gas plant (LNG Plant). Offshore terminal.
2017	Branch of the corporation “Foss Maritime Company” in Yuzhno-Sakhalinsk	Sakhalin-2 Project Piltun Bay	Bathymetric surveys in Piltun Bay for support of the module barges entry into the bay during the navigation season in 2016
2017	"Design Institute" PETROKHIM-TECHNOLOGY" LLC	The water area of the Korsakov port and Kholmsk port, and the adjacent water area	Bottom sampling in the ports of Korsakov and Kholmsk, laboratory tests
2017	“MAGE” LLC	Ayashskaya license site on the north-eastern shelf of Sakhalin Island in the Sea of Okhotsk	Complex offshore engineering survey at drilling sites of the prospect evaluation well №1 Bautinskaya and exploratory well № 2 Ayashskaya
2017	Sakhalin Energy Investment Company Ltd	Sakhalin-2 Project Yuzhno-Sakhalinsk	Preparation of reports to be submitted to “Glavgosekspertiza of Russia” (GGE) and follow-up of the developed documentation at the stage of review in “Glavgosekspertiza of Russia”

Year	Client	Location of the Projects	Project Details
2017	Sakhalin Energy Investment Company Ltd	Sakhali-2 Project Territory within the area of compression station KS-3 near Palevo settlement, Sakhalin	Onshore engineering-geological surveys of the nearshore zone in the frames of the project execution for construction of the third processing train of LNG Plant
2017	Exxon Neftegas Limited	Sakhalin-1 Project Yuzhno-Sakhalinsk	Preparation of report "Chayvo WS to DeKastri pipeline proposed route conditions including land assessments"
2017-2018	Exxon Neftegas Limited	Sakhalin-1 Project Yuzhno-Sakhalinsk	Development of the Program of complex offshore engineering surveys and assessment of the environmental impact evaluation of the proposed works for the Arkutun-Dagi field
2017	Exxon Neftegas Limited	Sakhalin-1 Project Yuzhno-Sakhalinsk	Development of geodetic and geotechnical programs, land survey and inclusion of the results in the report "The route of the projected pipeline from Chayvo PO to DeKastri"
2017	Exxon Neftegas Limited	Sakhalin-1 Project Yuzhno-Sakhalinsk	Development of the Program for Chayvo Horizontal Direction Drilling (HDD) and Temporary offshore facilities (TOF) Environmental Impact Assessment for SEER Permit
